

Advantages

- **Great connections**
Get a good start at the training camp by arriving in comfort. [Vienna International Airport](#), which is served by over 70 airlines and low-cost carriers every day, is the perfect base. All [camp venues](#) are located between 30 and 90 minutes away from the airport, guaranteeing that transfer costs are kept low.
- **Favourable climate**
Lower Austria is located in the most temperate climate zone in the northern hemisphere, with a temperate climate between warm and cold. Thanks to its location in the rain shadow of the Northern Alps, long-term statistics from Lower Austria indicate considerably more sunny days in the summer months here than in other parts of the country. A great forecast for top training weather!
- **Numerous options for test matches**
Most professional Austrian clubs (First and Second Divisions) are at home in Lower Austria and Vienna. Moreover, the proximity to top football countries such as Slovakia, the Czech Republic and Hungary opens up a multitude of test match options. Upon request, the SPORTS.STATE.Lower Austria team will gladly help its training guests to organise one or several test matches.
- **Attractive stadium just a stone's throw away**
The [NV ARENA in St. Pölten](#) is one of the most attractive, modern small stadiums in Austria. The modern infrastructure offers 8,000 covered seats, unique architecture and a high degree of comfort for its visitors, security, barrier-free access and energy efficiency. The perfect setting for an atmospheric test match.
- **One contact partner for all issues**
One-stop-shopping lightens your load. One single partner is your connection to 10 Soccer Camps and potential test match partners in the SPORTS.STATE.Lower Austria: [Toni Pfeffer](#). First-hand, reliable information simplifies the planning of a successful training camp and saves time-consuming research.
